Each case study explains the cultural as well as political, institutional, and personal factors and assesses their influence. A concluding chapter draws out common threads from the four studies, suggests how U.S. negotiators can maximize negotiating efficacy, and points the way toward a new and clearer understanding of Japanese bargaining behavior.

[The Cultural Dimensions of Negotiation: The Chinese Case ...](#)

Wed, 20 Jun 2018 00:45:00 GMT

Culture is one of the major components of negotiation and plays an especially crucial role in international relations. The current state of research is presented and discussed. The type of influence of culture is specified and compared with other categories such as strategic behavior and structural determination.
