The ancient civilizations of Egypt, Greece, China, India, and Persia all engaged in the philosophical study of psychology. Historians note that Greek philosophers, including Thales, Plato, and Aristotle (especially in his *De Anima* treatise), addressed the workings of the mind. As early as the 4th century BC, Greek physician Hippocrates theorized that mental disorders had physical rather than ...

So What Is Positive Education? Positive education is the combination of traditional education with the study of happiness and well being, using Seligman's PERMA model and Values in Action (VIA) classification. Seligman has been working on incorporating positive psychology into education to decrease depression in younger people and enhance well being and happiness.
